

About HIT

Hasibat Information Technologies Co. (HIT) is one of the leading providers of information technology (IT) solutions and services in the region.

HIT combines best-of-breed products and technologies with local market industry knowledge and expertise to successfully address its customer's strategic business challenges and opportunities.

HIT was established in May 2004 as a Kuwaiti closed shareholding company with a capital of One Million Kuwaiti Dinars. HIT is a 100%-owned subsidiary of Hasibat Holding Company.

HIT Began providing IT solutions and services in Kuwait & the region in 1983 under the name Kuwait Computer Company (Hasibat), with the aim of establishing a national company that is committed to providing top-quality products and services, at competitive prices in the region.

HIT employs over 70 highly skilled professionals who compose of the following departments:

- Sales & Marketing Department
- Technical Department (Hardware & Software Units)
- Finance & Administration Department

HIT Vision

At HIT, our vision is to be the pioneer in providing IT solutions in the region. We have focused our entire business – our product and service offerings, our culture, our partnerships, our employee training programs, and our customer service capabilities – to support and pursue that vision.

Our mission is built on an understanding of how marketplace needs are changing. We take the time and effort to develop an in-depth understanding of our customers, their businesses, and their objectives. Armed with that knowledge, we develop a customized solution for each customer – combining our proven, problem-solving skills with the best technologies the world has to offer.

Our larger goal is to develop close, mutually beneficial, long-term relationships with our customers in a spirit of partnership. By building and nurturing these strong relationships, we are able to provide greater value to our customers. And in doing so, we further our own vision of growth as we expand our business to other countries in the region.

HIT Offerings

Now, more than ever, it is important to know you have the right tools and a strong network of reliable names that you can trust. HIT has formed solid partnerships and alliances with many of the world's leading technology companies to ensure we provide our clients with the highest quality products and services.
